Job Opportunity

Company / Unit:	Veolia LLC
Site / Country :	Khazzan / Oman
Type of contract / Duration:	Permanent / 1 year (Extension to 5 Years)
New job / Replacement:	New Job
Reporting line:	O&M Engineer
Package:	Based on profile and experience

Context

Providing water, energy and waste management solutions since 160 years Veolia offers public authorities and industries with a range of water, energy and waste management services vital to human development and sustainable growth in 48 countries around the world. Veolia continue to adapt and innovate in step with economic growth and human development by designing and implementing solutions that will have a positive impact on the environment and resources. Its goal is to build a better 21st century.

In the Middle East, Veolia works with industries, governments and communities, retail and commercial businesses, to deliver innovation and sustainable solutions that are needed today, with the vision required for tomorrow. Through public-private partnerships and innovative contractual schemes, Veolia is committed to achieving quantifiable results with sustainable, pragmatic environmental solutions.

Recently, Veolia LLC (Oman Branch of Veolia group) has been awarded by British Petroleum to design, build and operate a desalination (brackish) water plant. This water treatment facility will supply sufficient water for the development of a tight gas field involving hydraulic fracturing and stimulation of the production wells in the block 61. The business objective for BP of the Khazzan Project is to then develop and operate a 29.8 million Sm³/d (1,050MMscfd) tight gas development in Block 61.

Veolia will be proactive to ensure that the required quantity and quality of process and potable water are delivered from the plant. The philosophy adopted for the operation of the reverse osmosis desalination plant is based upon Veolia's worldwide experience of utilities operations and asset management.

Key figures:

- More than 4,000 employees
- A strong local network with 10 offices across the region
- 30 years of sustainable partnerships
- More than 6,000 references
