

## **PRESS RELEASE: Operation of Project of Wastewater Treatment Plant for Seien Area in Hamamatsu City Starts under Concession Scheme**

Operation of project of wastewater treatment plant for the Seien area in Hamamatsu City (hereinafter called the Project) started by Hamamatsu Water Symphony K.K. (HQ: Hamamatsu, Shizuoka. President: Takafumi Yamasaki, hereinafter called HWS) whose shares held by Veolia Japan K.K., Veolia Jenets K.K. (HQ: Minato-ku, Tokyo. President: Yumiko Noda), JFE Engineering Corporation (HQ: Chiyoda-ku, Tokyo. President: Hajime Oshita), ORIX Corporation (HQ: Minato-ku, Tokyo. President: Makoto Inoue), SUYAMA CONSTRUCTION (HQ: Hamamatsu, Shizuoka. President: Kozo Suyama), and TOKYU CONSTRUCTION CO., LTD (HQ: Shibuya-ku, Tokyo. President: Tsuneo Iizuka.)

This is the first project in the area of water and sewerage in Japan operated under the concession scheme which draws people's attention as new operational means. Hamamatsu City and HWS work together utilizing the Public Private Partnership scheme to realize sustainable operation of the wastewater project to continue for the future.

In the project expertise of each member company of HWS will be fully utilized to provide sustainable wastewater service to the citizens of Hamamatsu City and try to operate in a way which is rooted in the local community.
